

Sealco warrants its electrical products to be free from defects in material and workmanship under normal use and service for twenty-four (24) months from their date of manufacture. Sealco will, at its option, either repair, replace or credit the net purchase price of any Sealco electrical product that they find defective upon inspection. All warranty claims must be made in writing to Sealco and their return authorized by the issuance of a Returned Goods Authorization (RGA) number. Sealco will send an RGA form to the purchaser who must complete the form, including a detailed description of the defect or problem, and use the form as their packing list for the return. All electrical products involved in warranty claims must be returned to Sealco for inspection. Warranty returns must be shipped prepaid & separate from any other items, to Sealco Commercial Vehicle Products, 215 East Watkins Street, Phoenix, Arizona 85004, Attention: Warranty Department. Sealco will not extend any warranty or assume any liability for Sealco products repaired, rebuilt or manufactured by another party. All decisions made by Sealco concerning warranty issues are final.

This warranty shall not apply to any Sealco electrical product which: 1) has not been properly installed and maintained in accordance with SAE standards for stationary cable, 2) has been employed in other than normal use or service or for applications which it was not designed or intended, 3) has been subjected to abrasion, abuse, accident, alteration, chaffing, mechanical damage or negligence, 4) has been repaired or replaced in a harmful or unauthorized manner, 5) has had the part number or date code affixed by Sealco removed or rendered illegible or 6) has been damaged by the use of incompatible lamp assemblies or other electrical harness components.

There is no other warranty or liability, expressed or implied, applicable to Sealco electrical products and in no event shall Sealco be liable for any consequential or special damages resulting from the use of Sealco electrical products.

CAUTION!
*THE UNDERCARRIAGE OF THE VEHICLE SHOULD BE WASHED ON
A FREQUENT BASIS ESPECIALLY IF OPERATED IN AN AREA WHERE
CORROSIVE ICE CHEMICALS ARE PRESENT ON THE ROAD*
